Should you fail to maintain the required insurance throughout the life of the loan, the lender may (but shall not be required to and without prejudice to its rights if it does not) purchase a policy for its own protection and pass the cost of the policy on to you, the borrower. The lender may, but is not required to, attempt to contact you prior to purchasing the insurance. The lender may at its option, add the premium to your loan. This may cause an increase to your regular payments.
