- ✓ Learn to Give

Open a Youth Savings Account

When your school-age child shows us their report card we Deposit \$5 in their account and Donate \$5 to Operation Warm.

What a great way for kids to experience the satisfaction of both saving and giving. Plus they get this sticker so they can proudly tell everyone they helped Keep Kids Warm.

Why Wait? Bring in last semesters report card and start saving and giving right away. Bad Grades? Not a problem... we don't check. We just love seeing your kids and help their savings to grow.

Youth Savings Accounts require an adult co-owner. Open a Youth Savings Account with \$5.

Why North Coast Supports Operation Warm

When a classroom is selected to receive new coats – everyone in the classroom gets a new coat. So the new coats not only offer warmth, they also inspire pride and joy and because everyone in the classroom receives one, it increases peer acceptance.

Our local firefighters support Operation Warm. North Coast Credit Union originated in the Bellingham firehouse in 1939 as the City of Bellingham Employees Credit Union. So, we are especially honored to support our firefighters fundraising efforts for our kids.

You can help by participating in our Annual Operation Warm Fundraiser every summer!
